

## **FROM THE DESK OF THE CHIEF OF POLICE**

### **SECURITY COMMITTEE RAISES FUNDS TO ASSIST POLICE DEPARTMENT**

In September, the security committee had their annual community yard sale to benefit the Lake Tansi Police Department. Their hard work paid off big as usual. They raised \$5000.00.

This money goes to the Police Department to assist with needed equipment and things that are not provided for in the regular budget. This year, the funds will be used to bring the Police Department more up to date with technology by acquiring laptop computers and mounts for each patrol vehicle. This will enable officers to do more work such as reports and patrol logs while in the vehicle without having to return to the Police Station.

As always, the efforts and hard work of Security Committee Chairman, John Nesteruk and his team are greatly appreciated. They have in the past and continue to help enable the Lake Tansi Police Department to better protect and serve the Lake Tansi community. If you have an opportunity to speak with any of the members of the Security Committee, please thank them for what they do to help us keep Lake Tansi a great place to live and work.

Anthony Brown, Chief of Police
